Motivation Letter

Dear EPEA Steering Committee,

As a teacher in the Swedish Prison and Probation Service, I deeply understand the importance of prison education. While I don't have a background in accounting, my work has taught me the value of being structured, meticulous, and transparent. I believe these qualities are key to managing the association's finances responsibly.

I am eager to learn and confident that I will grow into this role quickly. I will ensure that bank accounts and records are kept accurate and audit-ready. I look forward to collaborating on budgets and providing clear updates to the Chair and Secretary. My focus will be on maintaining a precise membership register and managing project funds with full transparency.

I am ready to deliver financial reports and budget proposals, support our conferences, and ensure a smooth transition for future successors.
